The 2024 School Year is Almost Done!

Kaydee Volker Grade 11

On Tuesday we had our 5th-12th grade band concert! On Thursday the whole high school celebrated our annual awards ceremony. On Friday the parents of our seniors are planning a senior breakfast followed by rehearsal to get ready for their big night! Also, on Friday our juniors will celebrate the end of their junior year with a cookout, having hamburgers, hotdogs, pop, and chips! This week has been very busy for our 2024 senior class, as it is their last week of high school ever for them! So lastly, all are welcome to join us on Friday May 17th as the class of 2024 seniors graduate, starting at 7:00pm!

Penguins

Haleigh Brown 9th grade

Penguins are the oldest fossils. They are 62 million years old. Penguins don't have teeth. Penguins are only found in the southern hemisphere. There are 8 species of penguins. Penguins have feathers not fur. Penguins live up to 15-20 years. They weigh about 2 pounds. The Galapagos penguin can be only found north of the equator. They can only fly waddles. Some penguins can swim up to 15 mph. They only eat small shrimp, fish, crabs, and squid. Their colors are to look donned by most penguin species is a clever camouflage called countershading. Penguins stay in huddles to protect themselves from predators. Penguins fly underwater. Their tail provides waterproof oil. Many male penguins give rocks to the females to woo them.

Bob Marley

AubreyAna 9th Grade

Bob Marley was born on February 6th, 1945, in Nile Jamaica and died on May 11th, 1981 in Miami, Florida. He was married to his wife Rita Marley, and they had twelve children together. He is a Jamaican reggae singer, guitarist and songwriter. His most famous songs are Three little birds, Could you be loved, and is this love. Bob Marley was a Rastafarian, so he believed in Jah who they think is a reincarnation of Jesus and they mostly believe in the Old Testament and the book of revelations. Bob Marley stood up for peace and unity in Jamaica hoping his music would bring the people together.

Snakes

Ayden Olson 10th

There are many types of snakes. Some people believe that snakes are bad and the devil. Other people believe that snakes are good and are misunderstood. There are many poisonous snakes. The Indian cobra, common krait, Russell's viper, Saw-scaled viper are the 4 most poisonous snakes. Snakes can live from 2-50 years. Snakes can smell with their tongues. They can "see" heat. Some snake venom can heal you or kill you. The Sidewinder snake can move up to 18 mph. Snakes don't have eyelids.
